

Dynamic Digital Signage

Commercial Grade Ultra High-Definition Display Screen

Suitable for restaurant & café, retail store, beauty clinic & real estates

Screen Sizes & Prices

Screen Sizes	Measurements (mm)	Prices (inc GST)
43"	963x552mm	\$1083
50"	1118x639mm	\$1243
55"	1236x707mm	\$1371

Note:

- Prices are for supply only and pick up from our store.
- Devices come with installation bracket. Installation service is also available and price on application.

Cloud Hosting & Content Management

The display screen can use USB for local image display without needing cloud hosting, however, for multiple devices and/or multiple locations, cloud hosting provides a central facility for managing and deployment of advertising across different devices and locations.

Services	Fees	Description
Licence & hosting Only	\$55 per device per annum	Provide management software and hosting services
Ongoing technical supports	\$22 per device per month	Troubleshoot any operational issues, and content management issues
File upload	\$55 Per image per upload	Upload and deploy ads content to all devices with client provided file(s)
Graphic Design	\$75/hour	Design ads for client as instructed, and set quote can be provided for client based on design brief

Note:

- New client promotion is available, \$30 (per device) licence & hosting for the first 12 months
